SAFETY DATA SHEETS

According to Globally Harmonized System of Classification and Labelling of Chemicals (GHS) - Sixth revised edition

Version: 1.0
Creation Date: Sep 01, 2020
Revision Date: Sep 01, 2020

Poly(Butylene Adipate-Co-Terephthalate) (PBAT)

CAS No: 55231-08-8
Molecular Weight: 430.45
Molecular Formula: C20H30O10

1. Company Information
Company: Welinks Group(Zhangjiagang) Co.,Ltd
Address: Room 700, Guotai Oriental Plaza, Zhangjiagang City, , Jiangsu Province, China 215600
Tel: +86-512-58695855
Fax: +86-512-58695855

2. Identification
Polymer Granules TH801T

3. Composition
Poly(Butylene Adipate-Co-Terephthalate)

4. Physical Data
Appearance: off-white Granules
Odor: Mild
Odor Threshold: Not detectable
Density: 1.20-1.28 g/cm³ (25°C)
Melting Point: 110-120 °C
Molecular Weight: Approx. >100,000 (BY GPC)
Boiling Point: N/D
Flash Point: N/D
Solubility in Water: Negligible
Solubility in Solvents: Chloroform, Methylene Chloride, N-Methyl Pyrrolidone.

5. Fire Fighting Measures
Extinguishing Media: Water spray, Carbon dioxide, Dry chemical powder, Appropriate foam.
Special Fire Fighting Procedures: Wear self-contained breathing apparatus and protective clothing.
Explosion Hazards: Negligible

6. First Aid Measures
Respirator Protection: No Special Requirement
Skin Protection: Wash off with soap and water. After contact with hot polymer, cool skin rapidly with cold water. Call a physician.
Eye Protection: Contact with eyes may cause physical irritation. Flush eyes with water. Call a physician.
Ingestion: Rinse mouth with water. Do not induce vomiting without medical advice. Call a physician.

7. Stability and Reactivity
Chemical Stability: Stable under recommended storage conditions.
Adverse Conditions: Avoid excessive heat, flames, ignition sources, moisture, and incompatibles.
Incompatibilities: Strong acids, strong alkali, and strong oxidizing agents.
Hazardous Polymerization: None will occur.
Hazardous Combustion or Decomposition Products: Carbon Dioxide, Carbon Monoxide.
Conditions to Avoid: In use may form explosive dust-air mixture. Danger of dust explosion.

8. Spill or Leak Procedures
Wear respirator, chemical safety goggles, rubber boots and heavy rubber gloves.
Sweep up, place in bag and hold for waste disposal.

9. Hazards Identification
Emergency Overview: May cause physical irritation. Avoid dust formation and spills.
Potential Health Effects
Skin: May cause skin irritation.
Eyes: Contact with eyes may cause physical irritation.
Ingestion: May be harmful if swallowed.

10. Handling and Storage
Handling: Good industrial practices in housekeeping and personal hygiene should be followed. Minimize dust.
Storage: Good storage stability, but extremes of temperature, soil and humidity should be avoided. The maximum recommended shelf life is 2 years. Resin should be stored in original shipping package. Keep the resin dry and sealed to prevent moisture. Temperatures during transportation and storage should not exceed 45°C.

11. Exposure Controls and Personal Protection
Exposure Limits: None have been established.
**Engineering Controls:** Provide good general ventilation. Also, provide adequate local ventilation where the hot polymer may reside for long periods, such as in leak areas, above the nozzle or die, in screen changers, in vent ports, etc.

**Skin Protection:** Hot polymer can cause thermal burns. Wear impervious clothing and insulated gloves when near molten polymer, if needed.

**Respiratory Protection:** May be harmful if inhaled.

**12. Disposal Considerations**
No special requirements. Observe all federal, state and local environmental regulations.

Non-hazardous, biobased, and biodegradable, TUNHE biorein is not designed to biodegrade in conventional landfills and is not part of the conventional plastics recycling stream.

**13. Other Information**
This information is believed to be correct, however, Blue Ridge TunHe Polyester Co., LTD. makes no representations as to its comprehensiveness or accuracy. Individuals receiving this information must use independent judgment to determine its appropriateness for a particular purpose. Sichuan Tianhua Fubang Chemical Co., Ltd shall not be liable for any damages resulting from handling or from contact with the above product.
